BASIC

BESTOOL slim-line saddle chairs feature :

- ❑ Designed and hand-made in Finland for lasting quality - 5 year guarantee.
- ❑ Active sitting position - The chairs facilitate the “walking position” posture, recommended by physiotherapists for improving circulation, and reducing fatigue, neck and back problems.
- ❑ Slim design reduces outward pressure on the upper legs and split seat takes the pressure off the genital area.
- ❑ Convenient, compact, small footprint of the “slim” chair allows you to get closer to your patient or your desk.
