

Flash Max P3

The world's most powerful curing light. Redesigned and loaded with new functions.

“seeing is believing, but using is convincing”

Facts about the world's most powerful curing light

Covers are disposable and available in bags of 10 pcs.
Tips easily click on and off and can be adjusted
30 degrees for optimal access.
You may choose between the 4 or 8 mm tip.

Power supply

Input power 100-240VAC, 50/60 Hz
Output power

Weight 120g

Dimensions L225mm, D25mm

Battery

Nominal voltage 3.2V
Nominal capacity 1200 mA
Battery type Li Fe PO4
Recharging time 2 hours
Functional capacity approx.500 s

Kit contains

Light, recharger, power supply, EU/US/UK/AUS plugs, samples of tips and covers, protection shield, manual, quick guide

Diode

Output intensity 4000-6000mW/cm²
Wavelength 460nm +/-20

Distributed in Russia, UK and
specific markets by :
